

International Conference on Individual Monitoring of Ionising Radiation  
April 20-24, 2015, Bruges, Belgium

European Radiation Dosimetry Group

HelmholtzZentrum münchen  
Deutsches Forschungszentrum für Gesundheit und Umwelt

# Welcome at the Eurados IC2014 participants meeting

H. Stadtman, A. McWhan, M. Figel,  
AM. Romero, T. Grimbergen

Co-coordinators:

Wioletta Dobrzynska (IC2010, IC2012)

Christian Hranitzky (IC2014)

# Eurados IC program for IMS

To provide information which IMS can use to:

- show compliance with their quality management system,
- compare their results with those from other participants,
- develop action plans for improvement of their systems.

IM  
2015

International Conference on Individual Monitoring of Ionising Radiation  
April 20-24, 2015, Bruges, Belgium

European Radiation Dosimetry Group

HelmholtzZentrum münchen  
Deutsches Forschungszentrum für Gesundheit und Umwelt

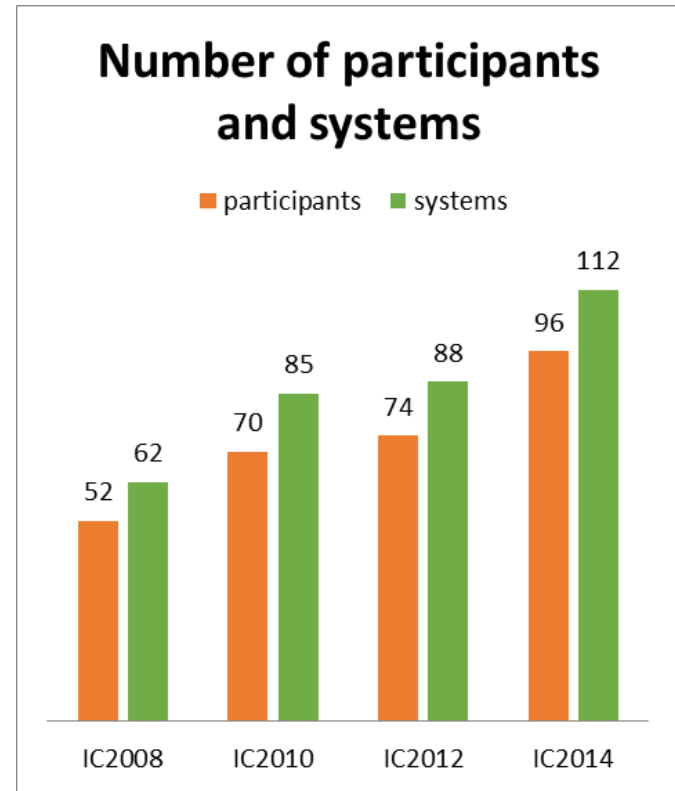

# Development of the program

- Whole body doseimeters, photons

- 2008
- 2010
- 2012
- 2014

- Specials:

- 2009: extremity, photons and beta's
- 2012: whole body doseimeters, neutrons (separate OG)

# Agenda:

Speaker	Topic
Tom Grimbergen, NRG	Welcome and Introduction to the intercomparison programme
Christian Hranitzky, Seibersdorf Lab	Irradiations at Seibersdorf Lab
Hannes Stadtmann & Christian Gärtner, Seibersdorf Lab	Coordination and results of IC2014ph
Markus Figel, HMGU	Evolution of Eurados ICs for whole body dosimeters
Ana M <sup>a</sup> Romero, CIEMAT	IC2014ph: Special Cases
Tom Grimbergen, NRG	Questionnaires overview
Presentations by participants	
Vadim Chumak, Ukrainian RP Inst.	Radiation Protection Institute ATS Ukraine Experience in Eurados ICs
Jef Van Cauteren, AV-Controloatom	AV-Controloatom Experience in Eurados ICs
Michael Hajek, IAEA	IAEA Experience in Eurados ICs
Open discussion	
Hannes Stadtmann, Seibersdorf Lab	Conclusions and future plans
