

FIRST announcement

EURADOS Annual Meeting 2027

Vienna, Austria, 1st to 4th February 2027

including

- EURADOS School on “Modern dosimetry within the international radiation protection system: regulations and standards”
- Opening session with introduction of the EURADOS Working Groups
- Meetings of the EURADOS Working Groups
- Learning Network (WG2)
- Early career event and early career poster presentations
- EURADOS General Assembly and Council Meetings
- IC2026ph participants’ meeting
- Technical visits of the VIC and Seibersdorf laboratories

Invitation

Dear friends and colleagues, I am delighted to invite you to our next EURADOS Annual Meeting, which will take place from 1st to 4th February 2027 in Vienna, Austria. It is wonderful to be hosted this time by our IAEA colleagues at Vienna International Centre (VIC). The VIC hosts several international organizations, including:

- International Atomic Energy Agency (IAEA)
- United Nations Office at Vienna (UNOV)
- United Nations Industrial Development Organization (UNIDO)
- Comprehensive Nuclear-Test-Ban Treaty Organization (CTBTO)

It was inaugurated in 1979 and is one of the four major UN headquarters worldwide, alongside New York, Geneva, and Nairobi.

As with the last few years, we will once again begin on the Monday lunchtime with an introductory session where the Working Groups present their goals and meeting agendas, to ensure all attendees have the opportunity to join meetings which reflect their interests. Following the great success of the poster session in 2026, we will again have an opportunity for Early Career Scientists to present posters. Of course, we will also host our EURADOS School, which this year will focus on regulations and standards in modern dosimetry within the international radiation protection system. We are very happy to announce that the keynote speaker this year is already confirmed as Werner Rühm – former EURADOS Chair and current ICRP Chair!

In addition, we will organise short plenary discussion sessions and offer technical visits on Friday morning. The second announcement, coming in November, will provide more details on the programme and side events. And, as ever, we should not forget that the most important and anticipated activity of the week will be the conference dinner and dancing – I will see you on the dance floor!

As always with the Annual Meeting, we aim to strengthen the bonds within the EURADOS family, grow through welcoming new members, and ensure our Working Groups have the opportunity to continue to develop their important efforts. Throughout the week, you will be able to exchange experiences, discover new scientific projects and results, network with peers, and work together on the EURADOS aims to improve and harmonise dosimetry in all its applications across Europe and beyond. I am proud to now be at the helm of our wonderful EURADOS community, which continues to be incredibly active across the broad field. I hope to welcome as many of you as possible in Vienna and will be looking forward to a successful AM 2027!

See you there!

Liz Ainsbury
EURADOS Chairperson

General Agenda of the EURADOS Annual Meeting 2027

Time (CET)	Monday 01.02.2027	Tuesday 02.02.2027		Wednesday 03.02.2027	Thursday 04.02.2027	Friday 05.02.2027
08.00-09.00		Registration		Registration	Registration	
09.00-09.30	Council meeting	WG meetings		WG meetings	20 th EURADOS School	Council meeting Seibersdorf and VIC lab visits
09.30-10.00						
10.00-10.30		Coffee break		Coffee break	Coffee break	
10.30-11.00		WG meetings	IC2026ph participants meeting	WG meetings	20 th EURADOS School	
11.00-11.30						
11.30-12.00						
12.00-12.30						
12.30-13.00	Registration	Lunch		Lunch	Lunch	
13.00-13.30						
13.30-14.00	Opening Session	WG meetings	WG2 Learning network	39 th EURADOS General Assembly	20 th EURADOS School	
14.00-14.30						
14.30-15.00	Coffee break					
15.00-15.30	WG meetings	Coffee break		Coffee break		
15.30-16.00						
16.00-16.30		WG meetings	WG2 Learning network	39th EURADOS General Assembly		
16.30-17.00						
17.00-17.30						
17.30-18.00						
18:00-18:30						
18:30-19:00	Welcome reception	Early Career Event		Social Dinner		
19:00-20:30						

Important dates

- AM2027 2nd announcement 9th November 2026
- Deadline for early registration (reduced fee) 4th December 2026
- Launch of the Whova conference app January 2027
- Deadline for registration 11th January 2027
- Welcome reception 1st February 2027
- Early Career Event 2nd February 2027
- 39th EURADOS General Assembly 3rd February 2027
- 20th EURADOS School 4th February 2027
- Technical visits of the VIC and Seibersdorf laboratories 5th February 2027

20th EURADOS School

Modern dosimetry within the international radiation protection system: regulations and standards

Thursday, 4th February 2026, 9:00-16:00 CET (on-site attendance only)

Scope

In a fitting tribute to the work of our hosts this year, the 20th Winter School will focus on how dosimetry is evolving to continue to support every part of the system of radiological protection. The School will outline the principles of how regulation in our field is developed, from UNSCEAR reports on radiation sources and effects, through ICRP recommendations, IAEA Safety Standards, and European Union regulations, to their implementation in national legislation.

Dosimetry is clearly a hugely important aspect of the basic research that underpins the system, as well as being crucial to ensure regulatory compliance. As radiation protection metrology enters a new era of digitalization, miniaturization and real-time data integration, individual monitoring systems must evolve to meet emerging challenges in occupational, medical, research and emergency response environments.

The School will provide a comprehensive overview of the future of individual monitoring for exposure to external sources of ionizing radiation, with a particular focus on technological developments in active, passive and hybrid dosimetry systems as well as internal dosimetry. It will also address the implications of implementing the revised operational quantities recommended in ICRU Report 95 and the associated challenges for radiation protection practice. Through lectures, case studies and discussions with leading experts, the school will offer a unique platform to examine future trends and challenges in personal dosimetry and their implications for radiation protection practice.

You will learn about the decision-making process, understand the interrelationships between the various international actors, and recognise EURADOS's role and how you can get involved.

Scientific committee

- **Elizabeth Ainsbury** (Nuclear Security Technologies – AWE, United Kingdom)
- **Rodolfo Cruz-Suarez** (International Atomic Energy Agency - IAEA, Austria)
- **Jonathan Eakins** (UK Health Security Agency – UKHSA, United Kingdom)
- **Oliver Hupe** (Physikalisch-Technische Bundesanstalt – PTB, Germany)
- **Francesco Rossi** (Azienda Ospedaliero Universitaria Careggi - AOU, Italy)
- **Ruxandra Sapoi** (Dositracker, Romania)
- **Rick Tanner** (UK Health Security Agency – UKHSA, United Kingdom)

EURADOS AM2027 welcome reception

The welcome reception will take place on **Monday, 1st February 2027, 18:30-20:30 CET** in the Vienna International Centre (VIC).

EURADOS early career event and poster presentation

Early career scientists are invited to participate in the early career event on **Tuesday, 2nd February 2027, 18:30 CET**.

This year's **posters can be presented as e-posters only** during the coffee breaks of the Annual Meeting. We invite the early career scientists (within 8 years of graduation at the deadline for submission) to register a poster on a topic related to the EURADOS activities.

To apply, please provide the title of your poster in the registration form for the Annual Meeting and send an abstract (**maximum 500 words**) by email to office@eurados.org.

The deadline for abstract submission is 11th January 2027.

Technical visits of VIC and Seibersdorf laboratories

Technical visits of the VIC and Seibersdorf Laboratories are planned for **Friday, 5th February 2027, 09:00-12:00 CET**. The number of participants is limited to **40 for each visit**. Therefore, please only indicate your interest in the online registration form if you really intend to participate. Thank you for understanding.

Two laboratory tours are proposed:

- **Visit to the Radiation Safety Technical Services laboratories at the VIC**, with a focus on Individual Monitoring activities.
- **Visit to the Seibersdorf Visitor Centre and laboratories**, including facilities related to medical dosimetry, radiobiology, calibration services, and the Whole Body Counter.

Please, register for these events via the EURADOS AM2027 registration platform. Spots will be assigned on a first-come, first-served basis.

Venue and transportation

The EURADOS Annual Meeting 2027 will take place at:

Vienna International Centre (VIC)

Wagramer Straße 5

1220 Vienna

Austria

The Visitors Entrance is located right next to the "Kaisermühlen/Vienna International Centre" U-Bahn stop.

When visiting the VIC, please bear in mind the following:

- AM2027 participants are advised to arrive at Checkpoint 1/Gate 1 of the VIC one hour before the start of the meeting on the first day in order to allow for timely registration, security check and issue of grounds passes.
- The United Nations Pass Office will issue meeting participants with a grounds pass. Please note that it is mandatory to wear the grounds pass visibly at all times while on the VIC premises.
- You will have to pass a security check. Please do not forget to bring a valid official identification document (national ID card, passport or driving license; a copy or digital version of the ID is not acceptable).
- For security reasons there is no possibility to store luggage at the VIC.

For more information about VIC, please see the guide to VIC and Vienna in general:

<https://www.iaea.org/events/guide-to-the-vic>

How to reach the venue

The Vienna International Centre (VIC) is located in Vienna's Donaustadt area across the Danube, just seven minutes from the city centre by U-Bahn.

We recommend the use of public transportation.

By Underground/Subway

The VIC can be reached with the U-Bahn by taking line U1 (marked in red on maps of the transport network) towards Wien Leopoldau and alighting at Kaisermühlen-Vienna

International Centre station. Single tickets, multiple tickets for two, four or eight journeys or for one, three or eight days, and weekly tickets can be purchased from vending machines in all U-Bahn stations, at tobacco shops with the sign 'Tabak Trafik' or at the VIC newspaper stand located in the C building. Weekly tickets are valid from Monday to Sunday and can be used for unlimited travel on all modes of public transport (U-Bahn, bus, tram and local trains (S-Bahn)) within the city of Vienna.

By bus

Buses may stop in the side street of Wagramer Straße 5.

By car

Limited private car parking is available for a fee at the Austria Centre.

Plan your trip in Vienna: <https://www.wienerlinien.at/web/wl-en>

From Vienna Airport to VIC

Airport Bus

The Vienna Airport Lines bus service operates at hourly intervals, from 05:10 to 20:10 CET, every day. Buses depart from the VIC bus station, which is located on Wagramer Strasse, in front of Gate 1. The trip usually takes about 30 minutes and costs €8.

By train

An S-Bahn service departs from the airport and stops at Wien Praterstern approximately every 30 minutes. The trip usually takes about 25 minutes. After arriving at Wien Praterstern station, it is necessary to change to U-Bahn line U1 towards Leopoldau (further information is listed under 'Public transport' above) to reach the VIC. Alternatively, the City Airport Train (CAT) links the airport with the City Air Terminal at Landstraße Wien-Mitte U-Bahn station. The trip takes about 16 minutes; the fare is approximately €9 for a single ticket and €16 for a return ticket.

For further information, please visit City Airport Train (CAT):

<https://www.cityairporttrain.com/de/>

How to buy a ticket

A single ticket is valid for one journey in one direction in the Vienna core zone. If you have a paper ticket, you must validate it before you start the journey. Once validated, it is valid for 80 minutes. If you purchased your ticket online from the WienMobil ticket shop or in the WienMobil app, the period of validity is stated on the ticket. You can change trains as often as you like, but you may not interrupt your journey.

You can buy single tickets here:

- online in the WienMobil ticket shop: <https://shop.wienmobil.at/en/products>
- in the WienMobil app: You can easily buy your ticket on the go with your smartphone. It is then displayed in the app. Payment is made by credit card.
- at the information and ticket offices of Wiener Linien:
<https://www.wienerlinien.at/web/wl-en/offices-and-opening-hours>
- at the ticket machines
- in the trams at the ticket machines
- in Viennese tobacconists

Email: rodolfo.cruz-suarez@iaea.org

Registration

The registration platform will **open on 21st September 2026 and close on 11th January 2027**. Please register online via www.eurados-registration.org

Conference fee¹⁾

Registration and payment <u>latest on 4th December 2026</u>	Registration and payment <u>after 4th December 2026</u>
Full Fee: 400 €	Full Fee: 525 €
Reduced Fee ²⁾ : 350 €	Reduced Fee ²⁾ : 475 €

¹⁾ The registration fee is waived for retired persons, but online registration is mandatory.

²⁾ Reduced fee for participants from EURADOS sponsoring institutions (see www.eurados.org/sponsors).

The fee includes participation in all events of AM2027, coffee breaks, lunches (on Tue, Wed and Thu), welcome reception (on Mon) and conference dinner (on Wed).

A separate registration for visiting the EURADOS School only on Thursday, 4th February 2027 is offered. No online attendance is possible.

**Registration and payment for the EURADOS School
latest on 11th January 2027**

Full Fee: 125 €

Reduced Fee²⁾: 100 €

Accommodation

There are several hotels within easy walking distance to the VIC.

However, special conference rates have been arranged at the official conference hotels, ARCOTEL Kaiserwasser and ARCOTEL Donauzentrum.

ARCOTEL Kaiserwasser

****-Superior-Hotel, Wagramer Straße 8, 1220 Vienna

650 m from VIC, 9 min walk

<https://kaiserwasser.arcotel.com>

Reservations should be made using the following link:

<https://reservations.travelclick.com/9877180?groupID=5460783>

ARCOTEL Donauzentrum

****-Superior-Hotel, Wagramer Straße 83-85, 1220 Vienna

2300 m from VIC, 33 min walk

<https://donauzentrum.arcotel.com>

Reservations should be made using the following link:

<https://app.mews.com/distributor/7827cc27-4133-4c5e-8993-b49200f77fe8?mewsAvailabilityBlockId=a04b946b-84f1-4a3d-abbd-b4c200ec8e8f&mewsStart=2027-01-31&mewsEnd=2027-02-05>

The discounted conference rate is **€120 per night for a Superior Room** (single occupancy) at both hotels. The rate includes buffet breakfast, VAT, and city tax. Reservations may be cancelled free of charge up to 7 days prior to arrival (23:59 local time). For late cancellations or no-shows, 95% of the total booking amount will be charged.
